About myself

I am a web developer with a passion for computers. I have graduated in June 2025, I have acquired knowledge of various programming languages, including Java, PHP, and JavaScript. I am currently pursuing a degree in Computer Science at the University of the People, online and full-time. I am looking for a part-time or flexible job that allows me to combine my studies with work experience, demonstrate commitment, and continue developing my professional skills.

Working experience
